**RE: Public Lighting Statement For Cookstown Development Phase 2, Fourth Avenue And Cookstown Road, Tallaght, Dublin 24**

Dear Margaret,

We have reviewed the Public Lighting design requirement for Cookstown Development Phase 2. We note there is only a requirement for public lighting which is outside the red line boundary of our site.

The site is adjacent to a new road project proposed by SDCC and the design of Public Lighting is already undertaken and designed as per SDCC request. The Public lighting is designed in accordance to EN13201:2015 Category 2.

Our drawing J521(6-)01 details indicative public lighting layout for land adjacent to the public road. This may be subject to change as part of Cookstown Road extension project.

Kind Regards,

Martin Obst
